About U.S.B

United Societies of Balkans (U.S.B.) is a non-profit, non-governmental organization based in Thessaloniki, Greece, working in the field of youth mobility, participation and promoting youth awareness of social issues. It was founded in 2008 by the initiative of a group of active young people who wanted to address the social issues which affect the youngsters in the Balkans and Eastern Europe.

Objectives

The goal of the organisation is the promotion of youth mobility, youth involvement and participation, voluntarism and human rights. We make it through:

- Promoting the values of non formal learning, voluntarism, active citizenship and democracy for the creation of a better future for the European youth;
- Involving minorities and immigrants into youth activities;
- Building healthy cooperation bridges between countries in the area of the Balkans and Eastern Europe with the rest of Europe;
- Using New Media and Citizens' Journalism methodologies to encourage youth expression, to raise awareness of Human Rights and to promote intercultural dialogue;
- Utilizing arts as a tool for the cultivation and expression of youth;
- Breaking down prejudices and stereotypes among the European countries and amongst youth.

In order to make more effective all our actions, USB is also member of several networks, such as Anna Lindh Foundation, Thess Diktio, Youth for Exchange and Understanding.

Thessaloniki is the second biggest city in Greece, and it is located in the North-East part of the country. It is a coastal city full of life, with a lots of youngsters and students. In 2014 it has been the European Youth Capital. It is also a city with a long history and tradition. It has always been a crossroad between the West and the East and a trading harbour for many Balkan countries. It embraces many immigrants and cultural groups from many areas of the wider region of the Balkans, which renders it a colourful mosaic of cultures and trends. More information is available on the website of the municipality: www.thessalonikicity.gr

Personal Project

We truly believe that for volunteers the European Volunteer Service is an opportunity to learn, to improve themselves and to discover and develop their personality and competences. For this reason we encourage our volunteers to develop a personal project. With the support of their Mentor the volunteers will develop a concrete personal plan with the objective of creating a personal project based on their own interests and goals.

The project is open to any young person between 18-30 years old from Italy and Cyprus who are motivated to live a new experience, be flexible, outgoing and are willing to spend 8 months in Greece

The ideal volunteer is willing to engage and be active in society, with interest in human right and LGBT rights.

The most important factor for the selection of the participants is their high motivation to join the activities planned in the project and their interest in the topic.

Language skills will not be a primary requisite for the selection. However, good English knowledge will be a helpful element for the volunteers themselves as it will make communication easier and give them more security and self-confidence during the implementation of the activities.

We need strongly motivated participants willing to work with us, flexible and open minded. The volunteers will have the freedom to develop and propose initiatives having the support of our organisation and staff.

The Project

The volunteers will be involved in the organisation of several activities in Thessaloniki and the surrounding areas. The two main project are:

1. Variety of gender roles / identities and sexual orientation in Thessaloniki, in the recent past

and now. Focus on expatriation: cultural possibilities of the host city and new residents:

- Creation of list of bibliography / literature on the range of gender roles / orientations in Thessaloniki before and after the periods of big expatriations (1912-13, 1922-24, 1956+), and in the last decades / years.
- Creating a documentary: Videotaping or recording personal stories, descendants or people with personal experience on the topic
 - Subtitling the videos of
 - Writing a booklet for the project
- Organizing an exhibition of photographs and documents
- Disseminate the above products on social media and film festivals

2. Screening of films on the spectrum of sexual orientation and gender roles - identities: LGBTIQ / GLAD

- Organizing a symposium with directors on the scripts / leading ideas, and means (technique – picture – music – dialogues) in cinema, especially of the G.L.A.D. movies.
- Organizing a workshop on judging G.L.A.D. / LGBTIQ short films.
- Organizing of international film screenings: Selection, judgment, organization of separate screenings or as a unit (festival).

2.5. Organizing an exhibition of paintings, photographs or posters. I

Language & Youthpass

Since the beginning of 2016, volunteers can take part in the online language courses through the online linguistic support platform created by the Erasmus+ programme: <http://erasmusplusols.eu/>

We provide extra Greek language courses and we try to encourage volunteers to learn the language through informal and non formal learning, participating in events and activities with Greek people:

- TANDEM meetings, where people from different countries help each other to learn and practise languages and
- assigning to each volunteer a local young "buddy"

Youthpass

Youthpass is the official recognition tool for non-formal & informal learning in youth projects. Through it participants of Erasmus+ projects can describe what they have done and show what they have learnt.

Volunteers have to keep a diary of their activities and learning in order to fulfill it properly at the end of their project. The Mentor is the responsible for the Youthpass and will support the volunteers for it.

Accommodation

Volunteers are going to be accommodated in a fully equipped building located in the city centre (Anagnostara, 13) near the main bus and train station of the city. It is an autonomous 5 floored building of 150 m2 per floor and a terrace on the 6th floor. There are two living rooms and a big kitchen, showers in the common floors and toilets in every floor.

In the building there are also accommodated the volunteers who participate in other projects in the city coordinated by our organisation. Each volunteer will share their room with one or three more people (we have double and big quadruple rooms).

In the building are living up to 35 volunteers. More info about the rules are in the residence statute.

There are also single rooms for people with special needs or for interns. Wireless internet is available in the whole building. The House Manager coordinate the cleanings and the organisation of the spaces in the house and work every morning in the common spaces from Monday to Friday.

Food Policy

We provide our volunteers with three meals per day through a catering service that prepares the food according to their preferences and allergies (also if they are vegan or vegetarian). Diamantis Catering (<http://www.catering.gr/>) is one of the biggest catering services in Northern Greece and has received multiple certifications

of quality. In this way the volunteers will have the possibility to get in contact with the Greek cuisine and culture, but at the same time on Saturdays and Sundays they can cook and enjoy their own food. In the weekly days the House Tender will prepare the breakfast .

The kitchen is always available for the volunteers if they want to cook something more or add ingredients to their food.

Insurance and Health

The participants will have a private insurance by CIGNA, which covers all their needs for the whole duration of their project and even after that (for a few months). The registration to the insurance is made by the Sending organisation. A network of doctors and hospitals is already available in order to meet all their needs, even the most urgent. The Mentor is responsible for all the issues connected with health and insurance.

Budget Policy

The travel costs are covered by the association until a limit based on the distance between Thessaloniki and the hometown of the volunteer.

At the beginning of each month the volunteers will take the money for the whole month calculated in the following way: a pocket money, 5 euros per day plus 5 extra euros per day for the weekends, days off and official holidays of Greece (in these day the organisation will not provide meals).

The organisation will provide a monthly pass for the local transportation. Entrances to festival or events where volunteers go for activities connected to the project will be paid by the organisation (for example Marathon, Tattoo Festival, Colours Day, Expositions). The volunteers can refer also to the Volunteer Coordinator about what they need to buy for the house or for special financing for their personal projects. The Volunteer Coordinator delivers the monthly financial needs to the President of the organisation in order to approve them according with the budget availability.

Cooperation with the SO

A strong cooperation between the sending and the hosting organisation is very important for the good progress of the project. The sending organisation has to communicate with the volunteers and keep a report of their educational process and their daily life. The Volunteer Coordinator provides feedback to the sending organisation about the fulfilled tasks and the Mentor will communicate about personal issues of the volunteer.

USB Network

United Societies of Balkans is also coordinating other EVS project in the city. The volunteers hosted by other organisations are accommodated at the same building of our volunteers. There might be several activities where the volunteers of the network will participate all together. This network also help the volunteers to know more about what is going on in the city and about other issues faced by the other organisations. The Network's Coordinator support the other coordinators' project and is the responsible for the common activities and events.
